

Blue the Cat, the Singing Feline

An Inspiring Musical & Workshop for the Young.

Blue the Cat was born... **Blue.**

And this makes all the other cats nervous. They treat him differently; they avoid him, make fun of him, and even bully him for the way he looks.

Will Blue ever make friends, or will he forever be an outcast?

This performance tackles the themes of differences, bullying and kindness; and the audience gets to participate in the story.

Blue the Cat includes a workshop (Character Building Exercises + Art) led by the team of Stage for Kids Global (Singapore). Suitable for children ages 4 years and older.
